Dear Parents and Carers,

I hope you are all well and are keeping safe at home. After Easter, starting Monday 20th April, we will be using an online platform called Seesaw to set more structured tasks that you will use at home. Tasks will be set once a week by teachers and children complete them in any order they choose. Work can be added directly to the platform or can be uploaded via laptop, tablet or smartphone. Children can take photos or scan their work to share with their teachers. Teachers will monitor the platform and respond to all learning that is uploaded, celebrating children's attainment and providing help when needed.

The app is available on any device. You need to download the Seesaw Class app, or visit the webpage and select 'pupil'. Your child's username and password will be sent to your email address. You will then be able to see what the teacher has asked your child to do. By logging on, you are giving consent for your child to use this platform. If you have any problems or for more information, please visit the Seesaw website (<https://web.seesaw.me>). If you need any help setting up your device please email your class teacher.

Thank you for your continued support,

Mrs Sweeney
Headteacher
